This elegant Oyster 885 was built by the famous shipyard in 2013. Extensively detailed for an owner intent on both high performance and high-level comfort, she has cruised both the Mediterranean and Caribbean without undergoing any chartering. She accommodates up to 10 guests in three suites and a fourth convertible cabin which includes an additional bunk. Themed in light limed-teak and savannah leathers, accommodation spaces are both functional and luxurious in less than 90 feet. The Oyster 885 was refitted no later than 2018 and is a very quiet and efficient ship to sail in.
