### Omschrijving

The Alloy range was spawned from the desire to create continuity with the original SL fibreglass planing yachts while adding innovative new elements. This unique design has been a pioneer in the modern yachting trend to increase the continuity between the interior and enhanced exterior design.

The 44Alloy is a full aluminum fast displacement yacht boasting a very innovative layout offering solutions previously unseen on a yacht this size

A large beach club opening on 3 sides enables full connection with the sea, whilst the fore deck area opens up a world of possibilities. Ample internal volumes are elegantly disguised in the flowing lines

characteristic of Sanlorenzo designs.  
Sanlorenzo 44Alloy #04 will be available from 2021.
